EXPERIENCE

PG&E's Public Safety Power Shutdown

ACCORDALITE

January 2020- May 2020

Designed a product that communicates safety, comfort, and function in order to better prepare people during PSPS. Intensive user case research including in-person interviews, storyboarding, and mapping to best understand the problem. Design process included concept sketching, prototyping, refining, into final Solidworks 3D model and Keyshot render.

Cultural Cuisine Serving Set

EMPOW

October 2020- December 2020

Tuning into our ethnic backgrounds to design a serving dish set for a cultural meal. Design to embrace the meal in every aspect, while improving the eating experience. Process included ideation sketching, rapid prototyping (with functional mechanical features) into final 3D model and renders
